Easy Guide Austin Vern Songer 2016-10-18 Questions and Answers for the CISA Certified Information Systems Auditor Exam.

Essential CISA Exam Guide Phil Martin 2018-09-05 Essential CISA has been written with a single goal in mind - to present the CISA material in a way that is easy to absorb without leaving any content behind. Plenty of examples are included to drive the points home so that when it comes time to take the CISA exam, you are ready! This exam guide covers all five ISACA domains, including: * The Process of Auditing Information Systems * Governance and Management of IT * Information Systems Acquisition, Development and Implementation * Information Systems Operations, Maintenance and Service Management * Protection of Information Assets Over 250 exam text questions are included. Instead of presenting both technical details and auditing information at the same time, Essential CISA breaks the topics down into their own chapters. This means that you have a firm grounding in the technical details before diving into how to audit the various areas. This book is also available as an audio

book read by the author.
