*Long Night's Journey into Day* Alice L. Eckardt 2016-11-08 Long Night's Journey Into Day is a stimulating and provocative attempt to deal with the impact and meaning of the Holocaust within contemporary Christian and Jewish thought. To Jews, the Holocaust is the most terrible happening in their history, but it must also be seen as a Christian event. The Eckardts call for a radical rethinking of the Christian faith in the light of the Holocaust, examining such issues as the relation between human and demonic culpability, the charge of God's guilt, and the reality of forgiveness. They clarify the theological meaning of the Holocaust and the responsibility that must be borne for it by the Christian Church, and discuss possible responses to it as exemplified in the writings of selected modern theologians and church councils. This enlarged and revised edition takes into account new topics and developments, including the issue of Austrian responsibility for the Holocaust, the significance and aftermath of Bitburg, and antisemitism in German feminism. More detailed attention is also given to other modern genocides and occasions of humanly-caused mass death. Additional literary, historical, and religious works are considered and appropriate quotations incorporated. The new edition also includes a revised preface, an updated bibliography and two new appendices.

**Talking Conflict: The Loaded Language of Genocide, Political Violence, Terrorism, and Warfare**

Anna M. Wittmann 2016-12-05 In today's information era, the use of specific words and language can serve as powerful tools that incite violence—or sanitize and conceal the ugliness of war. This book examines the complex, "twisted" language of conflict. • Provides readers with an in-depth awareness of how language is often used to sanitize and obfuscate understanding of reality, thereby offering insight into past and ongoing human conflicts from 1900 onward • Elucidates important terms that in our current "information age" are being used loosely, often without clear definition • Promotes a critical analysis of how words are used, particularly as propaganda • Supports Common Core educational standards by enabling students to learn key critical thinking skills and learning strategies and apply them when reading and interpreting texts

**Joshua and Isadora** Michael Benanav 2008 Recounts the story of Joshua Szereny and Isadora Rosen's meeting, courtship, and marriage while en route to Turkey to escape the Holocaust.

*The Jewish People and Jesus Christ After Auschwitz* Jakób Jocz 1991 The author marks the end of World War II as the closing of an important period of history and the possible new beginning for the Jewish people, the church, and the world at large. He cites two events as of major importance, the creation of the Jewish state of Israel and the second Vatican Council. He takes a look at the evolution of a new kind of Judaism that is more tolerant and accepting of Jesus as Jew, just as the church intensifies its commitment to Judaeo-Christian dialogue. Originally published by Baker Book House in 1981.

*What Should I Do?* Anna Ershler Richert 2012 What Should I Do? is a practical guide to the everyday dilemmas of the urban classroom. It offers a lifeline to both beginning teachers who are struggling to be successful and to the teacher educators who are trying to prepare them for these challenges. The author uses narratives of practice, written by novice teachers, to help readers experience a variety of dilemmas they are likely to encounter in the classroom. By engaging with and analyzing the cases, readers come to see that the "problems" of teaching are actually "dilemmas" that have no clear-cut right or wrong solution,

thus reducing the potential for frustration and despair often felt by teachers. This practical resource will empower teachers to transform the unpredictable world of troubled schools into places of learning and hope, for both themselves and their students. As a former teacher said, "I wish I had read this book and realized that I wasn't expected to have all the answers. I would probably still be teaching."

**Communication and Conflict** Peter Bray 2018-06-28 This international collection interrogates conflict as an essential and potent outworking of communication. It suggests that an understanding of communication in conflict situations may positively reduce misunderstanding and increase reciprocity.

*Preventing Genocide* David A. Hamburg 2015-11-17 Genocide has been called 'a problem from hell' and despite vehement declarations of 'never again' it's a problem that continues to plague the world. From the beginning of history to the most recent massacres in Bosnia, Rwanda, and Darfur, genocide defies resolution. And given today's worldwide access to highly lethal weapons and advanced communications technology facilitating incitement to hate, we can expect to see this problem grow. It is often claimed that genocide occurs without warning, taking both local and global communities by surprise. Yet, as David Hamburg convincingly shows, we have had long-term advance knowledge of most modern genocides dating back to the early 20th century Armenian tragedy in Turkey and before. In this book, Dr. Hamburg applies a groundbreaking new perspective-the medical model of prevention-to the scourge of genocide in the world. Preventing genocide is not only possible, Dr Hamburg contends, but essential given its high cost in lives, human rights, and international security. Here he maps out numerous practical steps to recognise genocidal conflicts early and stem their tides of violence before they become acute. He also outlines several institutions in place and programs underway at the UN, EU, and NATO devoted to preventing future genocides before they erupt. He draws lessons both from missed opportunities and successful experiences and makes many constructive suggestions about strengthening international institutions, governments, and NGOs for this purpose.

*Creation* McGrath Institute for Church Life 2021-10-22 Was creation a fantastic series of actions by God that long ago set the universe in motion? Or is creation an eternal flowing forth from God that even now causes all things to exist? Christopher Baglow, director of the Science and Religion Initiative at the University of Notre Dame, writes from within the deep well of Catholic tradition and his personal love of both science and faith to provide probing yet lively and often-humorous answers to the foundational questions of human existence. Christian doctrine sees creation not as a one-time event but rather as an eternal outpouring of divine merciful love. In *Creation: A Catholic's Guide to God and the Universe*, Baglow explores how the doctrine of creation addresses the why of the universe, making it perfectly open to science, which helps us to answer how the universe came to be and continues to exist. He weaves the lessons of scripture, the Church's long tradition of scientific inquiry and theological development, and cultural icons such as Douglas Adams's *The Hitchhiker's Guide to the Galaxy* and the inhabitants of C. S. Lewis's *Narnia* series to create a concise and spirited guide for Catholics wanting to better understand the doctrine of creation without abandoning what science teaches us. Baglow helps to neutralize the unnecessary conflict between faith and science that often runs rampant among people of faith. He provides an excellent guide for curious Catholics, and an expert resource for teachers in Catholic schools, parish leaders, campus ministers, and RCIA teams, helping those exploring foundational questions of faith dive into the meaning of creation and what it tells us about who God is, who we are, and how we are to live.

*Sources of Holocaust Insight* John K. Roth 2020-01-29 *Sources of Holocaust Insight* maps the odyssey of an American Christian philosopher who has studied, written, and taught about the Holocaust for more than fifty years. What findings result from John Roth's journey; what moods pervade it? How have events and experiences, scholars and students, texts and testimonies--especially the questions they raise--affected Roth's Holocaust studies and guided his efforts to heed the biblical proverb: "Whatever else you get, get insight"? More sources than Roth can acknowledge have informed his encounters with the Holocaust. But particular persons--among them Elie Wiesel, Raul Hilberg, Primo Levi, and Albert Camus--loom especially large. Revisiting Roth's sources of Holocaust insight, this book does so not only to pay tribute to them but also to show how the ethical, philosophical, and religious reverberations of the Holocaust confer and

encourage responsibility for human well-being in the twenty-first century. Seeing differently, seeing better-- sound learning and teaching about the Holocaust aim for what may be the most important Holocaust insight of all: Take nothing good for granted.

**Conversations with Elie Wiesel** Elie Wiesel 2001 The Nobel Peace Prize-winner reflects on a variety of subjects, including the moral responsibility of governments and individuals, the role of the state, capital punishment, and mercy killing.

*Teaching the Holocaust* Ian Davies 2000-04-01 Offers a comprehensive treatment of Holocaust education, blending introductory material, broad perspectives and practical teaching case studies. This work shows how and why pupils should learn about the Holocaust.

De bibliothecaresse van Auschwitz Antonio Iturbe 2013-08-15 In concentratiekamp Auschwitz is pal onder de ogen van de nazi's in het geheim een schooltje opgezet. Daar waar boeken streng verboden zijn, verbergt de veertienjarige Dita onder haar jurk de kleinste en meest clandestiene bibliotheek die ooit heeft bestaan. De acht boeken worden door haar en de andere kampgenoten gekoesterd als schatten. Dita geeft niet op en verliest nooit de wil om te leven. De verhalen voeren haar mee naar een andere wereld. De bibliothecaresse van Auschwitz is een ontroerend, waargebeurd verhaal over de moed van een jong meisje en hoe boeken mensen kunnen helpen in de verschrikkelijkste omstandigheden.
