Media training. Manual práctico para voceros Daniel Colombo 2021-05-20 "El gran objetivo del aprendizaje no es el conocimiento sino la práctica" (HERBERT SPENCER). El objetivo del libro "Media Training" de Daniel Colombo es encarar un desafío centrado en la ACCIÓN. En esta obra nos revela que para ser vocero o vocera de una organización se requiere de un alto nivel de entrenamiento, preparación y trabajo sobre uno mismo. Se trata de un proceso complejo de llevar a cabo de manera sistemática y gradual, hasta

alcanzar la mejor performance. El objetivo de un media-training es lograr comunicar eficazmente los mensajes de cualquier empresa o negocio a través de los medios de comunicación. Es justamente la exposición pública en entrevistas, transmisiones y directos, la que permite que quien es portavoz logre impactar con sus mensajes corporativos de la mejor forma posible. Media Training es un manual de entrenamiento presencial y virtual que compila varias décadas de experiencia del autor con un método que ha desarrollado en doce niveles, y que lleva adelante junto a su equipo, al haber entrenado a cientos de ejecutivos, empresarios, funcionarios y figuras públicas de diferentes países.
