Consumer Health & Integrative Medicine Linda Baily Synovitz 2018-09-28 Today, being a health consumer encompasses more than being knowledgeable about traditional medicine and health practice but also includes the necessity to be well informed about the expading field of complementary and alternative medicine. Consumer Health and Integrative Medicine: Holistic View of Complementary and Alternative Medicine Practices, Second Edition was written to expand upon the many alternative modalities that many other consumer health texts overlook. It includes chapters on the major alternative medicine systems and healing modalities, including Ayurvedic medicine, traditional Chinese medicine, naturopathy, homeopathic medicine, chiropractic medicine, massage, reflexology, and herbs or botanicals. The authors mission is to increase reader's knowledge base, not make up their mind, as we all make better choices related to our own personal health care practices when we are informed consumers.

Civil Disobedience: An Encyclopedic History of Dissidence in the United States Mary Ellen Snodgrass 2015-04-08 Throughout American history, people with strong beliefs that ran counter to society's rules and laws have used civil disobedience to advance their causes. From the Boston Tea Party in 1773, to the Pullman Strike in 1894, to the draft card burnings and sit-ins of more recent times, civil disobedience has been a powerful force for effecting change in American society.This comprehensive A-Z encyclopedia provides a wealth of information on people, places, actions, and events that defied the law to focus attention on an issue or cause. It covers the causes and actions of activists across the political spectrum from colonial times to the present, and includes political, social economic, environmental, and a myriad of other issues."Civil Disobedience" ties into all aspects of the American history curriculum, and is a rich source of material for essays and debates on critical issues and events that continue to influence our nation's laws and values. It explores the philosophies, themes, concepts, and practices of activist groups and individuals, as well as the legislation they influenced. It includes a detailed chronology of civil disobedience, listings of acts of conscience and civil disobedience by act and by location, a bibliography of primary and secondary sources, and a comprehensive index complete

Pathology for the Physical Therapist Assistant Penelope J Lescher 2011-03-02 With other texts written at either too high or too low a level, this book meets the needs of PTA students for usable, understandable pathology related to clinical application. Extensively illustrated, this book allows students to more easily comprehend and maintain interest in otherwise complicated pathological processes. The fourteen chapter format effectively fits within a chapter per week course structure, or each chapter may be used as a stand alone module within any course.
